

## DATA PROTECTION POLICY

### **INTRODUCTORY STATEMENT**

The school's Data Protection Policy applies to the **personal data** held by the school's Board of Management (BoM), which is protected by the Data Protection Acts 1988 to 2018 and the EU General Data Personal Regulation (GDPR).

The policy applies to all school staff, the Board of Management, parents/guardians, students and others (including prospective or potential students and their parents/guardians and applicants for staff positions within the school) insofar as the measures under the policy relate to them. Data will be stored securely, so that confidential information is protected in compliance with relevant legislation. This policy sets out the manner in which personal data and special categories of personal data will be protected by the school.

St. Mary's Boys' National School operates a "**Privacy by Design**" method in relation to Data Protection. This means we plan carefully when gathering personal data so that we build in the **data protection principles** as integral elements of all data operations in advance. We audit the personal data we hold in order to:

1. be able to provide access to individuals to their data
2. ensure it is held securely
3. document our data protection procedures
4. enhance accountability and transparency

### **DATA PROTECTION PRINCIPLES**

The school BoM is a *data controller* of *personal data* relating to its past, present and future staff, students, parents/guardians and other members of the school community. As such, the BoM is obliged to comply with the principles of data protection set out in the Data Protection Acts 1988 to 2018 and GDPR, which can be summarised as follows:

#### **1. Obtain and process Personal Data fairly**

Information on students is gathered with the help of parents/guardians and staff. Information is also transferred from their previous schools. In relation to information the school holds on other individuals (members of staff, individuals applying for positions within the School, parents/guardians of students, etc.), the information is generally furnished by the individuals themselves with full and informed consent and compiled during the course of their employment or contact with the School. All such data is treated in accordance with the Data Protection legislation and the terms of this Data Protection Policy. The information will be obtained and processed fairly.

#### **2. Consent**

Where consent is the basis for provision of personal data, (e.g. data required to join sports team/ after-school activity or any other optional school activity) the consent must be a freely given, specific, informed and unambiguous indication of the data subject's wishes. St. Mary's Boys' National School will require a clear, affirmative action e.g. ticking of a box/signing a document to indicate consent. Consent can be withdrawn by data subjects in these situations.

#### **3. Keep it only for one or more specified and explicit lawful purposes**

The BoM will inform individuals of the reasons they collect their data and the uses to which their data will be put. All information is kept with the best interest of the individual in mind at all times.

**4. Process it only in ways compatible with the purposes for which it was given initially**

Data relating to individuals will only be processed in a manner consistent with the purposes for which it was gathered. Information will only be disclosed on a 'need to know' basis, and access to it will be strictly controlled.

**5. Keep Personal Data safe and secure**

Only those with a genuine reason for doing so may gain access to the information. Personal Data is securely stored under lock and key in the case of manual records and protected with computer software and password protection in the case of electronically stored data. Portable devices storing personal data (such as laptops) are password-protected.

**6. Keep Personal Data accurate, complete and up-to-date**

Students, parents/guardians, and/or staff should inform the school of any change which the school should make to their personal data and/or sensitive personal data to ensure that the individual's data is accurate, complete and up-to-date. Once informed, the school will make all necessary changes to the relevant records. Records must not be altered or destroyed without proper authorisation. If alteration/correction is required, then a note of the fact of such authorisation and the alteration(s) to be made to any original record/documentation should be dated and signed by the person making that change.

**7. Ensure that it is adequate, relevant and not excessive**

Only the necessary amount of information required to provide an adequate service will be gathered and stored.

**8. Retain it no longer than is necessary for the specified purpose or purposes for which it was given**

As a general rule, the information will be kept for the duration of the individual's time in the school. Thereafter, the school will comply with DES guidelines on the storage of Personal Data relating to a student. In the case of members of staff, the school will comply with both DES guidelines and the requirements of the Revenue Commissioners with regard to the retention of records relating to employees. The school may also retain the data relating to an individual for a longer length of time for the purposes of complying with relevant provisions of law and or/defending a claim under employment legislation and/or contract and/or civil law. See **School Record Retention** table (Appendix 1).

**9. Provide a copy of their personal data to any individual on request**

Individuals have a right to know and have access to a copy of personal data held about them, by whom, and the purpose for which it is held. All individuals requesting a copy of personal data will be required to complete a data access request form (Appendix 2).

**SCOPE**

The Data Protection legislation applies to the keeping and processing of *Personal Data*. The purpose of this policy is to assist the school to meet its statutory obligations, to explain those obligations to School staff, and to inform staff, students and their parents/guardians how their data will be treated.

The policy applies to all school staff, the Board of Management, parents/guardians, students and others (including prospective or potential students and their parents/guardians, and applicants for staff positions within the school) insofar as the

## *Data Protection Policy*

school handles or processes their *Personal Data* in the course of their dealings with the school.

### **Definition of Data Protection Terms**

In order to properly understand the school's obligations, there are some key terms, which should be understood by all relevant school staff:

**Personal Data** means any data relating to an identified or identifiable natural person i.e. a living individual who is or can be identified either from the data or from the data in conjunction with other information that is in, or is likely to come into, the possession of the Data Controller (BoM).

**Data Controller** is the Board of Management of the school.

**Data Subject** - is an individual who is the subject of personal data.

**Data Processing** - performing any operation or set of operations on data, including:

- Obtaining, recording or keeping the data,
- Collecting, organising, storing, altering or adapting the data
- Retrieving, consulting or using the data
- Disclosing the data by transmitting, disseminating or otherwise making it available
- Aligning, combining, blocking, erasing or destroying the data

**Data Processor** - a person who processes personal information on behalf of a data controller, but **does not include an employee of a data controller** who processes such data in the course of their employment, for example, this might mean an employee of an organisation to which the data controller out-sources work. The Data Protection legislation places responsibilities on such entities in relation to their processing of the data [e.g. Aladdin; Thesaurus Payroll; Seesaw; G-Suite for Education etc].

**Special categories of Personal Data** refers to *Personal Data* regarding a person's

- racial or ethnic origin
- political opinions or religious or philosophical beliefs
- physical or mental health
- sexual life and sexual orientation
- genetic and biometric data
- criminal convictions or the alleged commission of an offence
- trade union membership

**Personal Data Breach** – a breach of security leading to the accidental or unlawful destruction, loss, alteration, unauthorised disclosure of, or access to personal data transmitted, stored or otherwise processed. This means any compromise or loss of personal data, no matter how or where it occurs.

## **RATIONALE**

In addition to its legal obligations under the broad remit of educational legislation, the school has a legal responsibility to comply with the Data Protection Acts 1988 to 2018 and the GDPR.

This policy explains what sort of data is collected, why it is collected, for how long it will be stored and with whom it will be shared. The school takes its responsibilities under data protection law very seriously and wishes to put in place safe practices to safeguard individual's personal data. It is also recognised that recording factual information

accurately and storing it safely facilitates an evaluation of the information, enabling the Principal and Board of Management to make decisions in respect of the efficient running of the School. The efficient handling of data is also essential to ensure that there is consistency and continuity where there are changes of personnel within the school and Board of Management.

## **OTHER LEGAL OBLIGATIONS**

Implementation of this policy takes into account the school's other legal obligations and responsibilities. Some of these are directly relevant to data protection. **For example:**

Under **Section 9(g) of the Education Act, 1998**, the parents of a student, or a student who has reached the age of 18 years, must be given access to records kept by the school relating to the progress of the student in their education.

Under **Section 20 of the Education (Welfare) Act, 2000**, the school must maintain a register of all students attending the School.

Under **Section 20(5) of the Education (Welfare) Act, 2000**, a Principal is obliged to notify certain information relating to the child's attendance in school and other matters relating to the child's educational progress to the Principal of another school to which a student is transferring. St. Mary's Boys' National School sends a copy of a child's *Passport*, as provided by the National Council for Curriculum and Assessment, to the Principal of the Post-Primary School in which the pupil has been enrolled.

Where reports on pupils which have been completed by professionals, apart from St. Mary's School staff, are included in current pupil files, such reports are only passed to the Post-Primary school or new Primary School, following express written permission having been sought and received from the parents of the said pupils.

Under **Section 21 of the Education (Welfare) Act, 2000**, the school must record the attendance or non-attendance of students registered at the school on each school day.

Under **Section 28 of the Education (Welfare) Act, 2000**, the School may supply *Personal Data* kept by it to certain prescribed bodies (the Department of Education and Skills, Tusla, the National Council for Special Education and other schools). The BoM must be satisfied that it will be used for a 'relevant purpose' (which includes recording a person's educational or training history or monitoring their educational or training progress; or for carrying out research into examinations, participation in education and the general effectiveness of education or training).

Under **Section 14 of the Education for Persons with Special Educational Needs Act, 2004**, the school is required to furnish to the National Council for Special Education (and its employees, which would include Special Educational Needs Organisers) such information as the Council may from time to time reasonably request.

The **Freedom of Information Act 1997** provides a qualified right to access to information held by public bodies which does not necessarily have to be "personal data", as with data protection legislation. While most schools are not currently subject to freedom of information legislation, (with the exception of schools under the direction of Education and Training Boards), if a school has furnished information to a body covered by the Freedom of Information Act (such as the Department of Education and Skills, etc.) these records could be disclosed by that body if a request is made to that body.

Under **Section 26(4) of the Health Act, 1947** a School shall cause all reasonable facilities (including facilities for obtaining names and addresses of pupils attending the

school) to be given to a health authority who has served a notice on it of medical inspection, e.g. a dental inspection.

Under ***Children First Act 2015***, mandated persons in schools have responsibilities to report child welfare concerns to TUSLA- Child and Family Agency (or in the event of an emergency and the unavailability of TUSLA, to An Garda Síochána).

### **RELATIONSHIP TO CHARACTERISTIC SPIRIT OF THE SCHOOL:**

St. Mary's Boys' National School seeks to:

- enable students to develop their full potential
- provide a safe and secure environment for learning
- promote respect for the diversity of values, beliefs, traditions, languages and ways of life in society

We aim to achieve these goals while respecting the privacy and data protection rights of students, staff, parents/guardians and others who interact with us. The school wishes to achieve these aims/missions while fully respecting individuals' rights to privacy and rights under the Data Protection legislation.

## **Appendix 1**

# Records Retention Schedule for St. Mary's Boys' National School

**Roll No: 18235D**

### **Retention of Records**

Schools and ETBs as *data controllers* must be clear about the length of time for which personal data will be kept and the reasons why the information is being retained. In determining appropriate retention periods, regard must be had for any statutory obligations imposed on a data controller. If the purpose for which the information was obtained has ceased and the personal information is no longer required, the data must be deleted or disposed of in a secure manner. It may also be anonymised to remove any personal data. Anonymisation must be irrevocable; removing names and addresses may not necessarily be sufficient.

In order to comply with this legal requirement, *St. Mary's Boys' NS* has assigned specific responsibility and introduced procedures for ensuring that files are purged regularly and securely and that personal data is not retained any longer than is necessary. All records will be periodically reviewed in light of experience and any legal or other relevant indications.

**IMPORTANT:** In all cases, schools should be aware that where proceedings have been initiated, are in progress, or are reasonably foreseeable (although have not yet been taken against the school/board of management/an officer or employee of the school (which may include a volunteer)), all records relating to the individuals and incidents concerned should be preserved and should under no circumstances be deleted, destroyed or purged. The records may be of great assistance to the school in defending claims made in later years.

**WARNING:** In general, the limitation period does not begin to run until the person concerned acquires knowledge of the facts giving rise to the claim and the Statute of Limitations may be different in every case. In all cases where reference is made to "18 years" being the date upon which the relevant period set out in the Statute of Limitations commences for the purposes of litigation, the school must be aware that in some situations (such as the case of a student with special educational needs, or where the claim relates to child sexual abuse, or where the student has not become aware of the damage which they have suffered, and in some other circumstances), the Statute of Limitations **may not begin to run when the student reaches 18 years of age and specific legal advice should be sought by schools on a case-by-case basis.** In all cases where retention periods have been recommended with reference to the relevant statutory period in which an individual can make a claim, these timeframes may not apply where there has been misrepresentation, deception or fraud on the part of the respondent/defendant. In such a circumstance, the school/ETB should be aware that the claim could arise many years after the incident complained of and the courts/tribunals/employment fora may not consider the complainant to be "out of time" to make their claim.
